QUOTES FROM LSU'S JERRY STOVALL

"I was not surprised with the outcome of the game. I told the coaches this morning they ~~xxx~~ were scattered out last night scouting high school games, that I felt the team was in the best frame of mind ~~xxx~~ they have been in all year. When we fumbled the first three snaps, I thought, 'Lord, don't let this happen to us again.'"

It was a big victory to say the least. The defense played the best they have all year, there were some really big plays. ~~x~~ Chris Williams made some big plays, including that key interception. We made a lot of mistakes, it wasn't a pretty victory by any means. We played more people today than we have in any other game, simply because of playing during the day and the heat. Our defensive staff did a great job of getting the team prepared. We gave the ~~ball~~ game ball to Coach Jenkins (pete, a coach at Florida last season).a When we got up by 17, we felt they had to throw and that was to our ~~x~~ advantage. We were just trying to move the ball and establish some consistency on offense, and I think we did that. We had those fumbled snaps at the first of the game and we switched to Risher (quarterback Alan) and Gambrell (center Mike) and we were ok after that."

QUOTES FROM FLORIDA'S CHARLIE PELL

"A good football team can make good plays and take advantage of opportunities. We played poorly today and that is the long and short of it.

"I commend Coach Stovall for preparing his team and I will expect them to do well from here on in.

"Hewko went to the hospital at halftime and he will be orthoscoped tonight. It was a loss, but certainly no reason why we couldn't generate any offense. We had lots of opportunities and it was a team defeat just like the first three games were team wins. We've been saying all along that this ~~x~~ is a very young football team and we are susceptible. We were flat, but also gave a great effort. Things just didn't click like they have been.

"I am not one to propose that defeat makes you stronger, but I think this loss helped us learn a lot about ourselves."
